To whom it may concern:

The DuPage County Division of Transportation (DCDOT) cordially invites you to attend a Public Informational Meeting concerning the proposed re-routing of the Illinois Prairie Path – Aurora Branch between the Illinois Prairie Path Batavia Spur and Eola Road in the City of Aurora and the City of Naperville. The date, time, and location of this meeting are as follows:

Date: Thursday, August 3rd, 2017
Time: 4:00 p.m. to 7:00 p.m.
Location: Matea Valley High School – Main Entrance Atrium
1801 N Eola Road
Aurora, IL 60502

The goal of this project is to create a safe and efficient re-routing of the Illinois Prairie Path Aurora Branch by utilizing the existing Illinois Prairie Path Batavia Spur and the new construction of a shared-use path along Eola Road.

The scope of work is anticipated to consist of the construction of a 10 foot wide asphalt paved shared-use path along Eola Road from Mustang Way to the Illinois Prairie Path Batavia Spur. The project will include widening of the Eola Road bridge over I-88 as well as connections to the Batavia Spur, DuPage Technology Corridor Trail, and the Aurora Branch bridge over Eola Road. This project will require right of way acquisition at certain locations along Eola Road.

All persons interested in this project are invited to attend this meeting. Exhibits showing the proposed improvements, including areas of additional right-of-way, will be on display and County representatives will be present to answer any questions and record comments. The format is an “Open House”, which allows for attendees to come at any time during the 4pm to 7pm window. Please enter the school at the Southwest Main Entrance.

If you have any questions, need additional information or special accommodations, please contact me at 630-407-6900.

Very truly yours,

Michael Barbier, P.E.
Project Engineer

DUPAGE COUNTY

DIVISION OF TRANSPORTATION

ILLINOIS PRAIRIE PATH - AURORA BRANCH REROUTING BETWEEN BATAVIA SPUR AND EOLA ROAD
